

Arizona END OF LIFE CARE PARTNERSHIP

Anchored at United Way of Tucson and Southern Arizona

JOIN OUR MOVEMENT

INVEST IN THE FUTURE OF EQUITABLE END-OF-LIFE CARE IN ARIZONA

We are creating a community where conversations and planning around serious illness and end of life are routine, deliberate, honest, and compassionate. Our Partnership is connecting with individuals where they are by tailoring our outreach and education to the needs of our community. **Representing diverse sectors, our Partners utilize the interconnectedness of the Partnership to reach and serve more people while elevating our shared vision and mission.**

COLLECTIVE IMPACT

The Partnership is a catalyst for collaboration. We create connections for funding, education, and training; support professional program development; and build a thriving community.

SUSTAINABILITY

Our Partnership is tuned-in to new developments and funding opportunities in end-of-life care. We help Partners identify new funding sources and provide guidance and support throughout the process.

LEADERSHIP

We convene local and national thought leaders to position our Partnership at the forefront of end-of-life care innovation. The team at United Way of Tucson provides leadership, data systems, marketing, and foundational support for our Partners.
